# Girls of Legacy 2024 Gala Sponsors

## Scholarship and Mentorship Program

Girls of Legacy is an initiative under the non-profit organization LaunchPad. Founding owner Rebecca Contreras first launched Girls of Legacy in 2022 to support graduating seniors from inner city, Title 1 schools in their pursuit of a post high school education. Girls of Legacy is not only a scholarship program but just as importantly a mentoring and coaching program for the girls. Each girl is paired with a local business women who comes along side of them to provide regular mentoring and accountability throughout their development and serve the girls as a “go to” resource for them while they are in school. As many of our girls are struggling with various socioeconomic factors, this mentoring and support has become a crucial part of their overall success in the next phase of their young adult journey. Our inaugural class of girls are moving into their second year at University. This year, we expanded to add a new class of 5 girls all of which will be entering their first year of college in the Fall 2024. As an organization, we have no overhead, all fundraising proceeds from the Gala benefit the girls with a direct \*dollar for dollar\* match by Rebecca and her company, AvantGarde LLC resulting in maximum impact to their scholarship (corporate sponsors will aid in helping defray Gala expenses for the Headliners Club venue/dinner).
