CONTRERAS

## Scholarship and Mentorship Program

**Girls of Legacy**, a signature initiative of the non-profit **LaunchPad**, was founded by **Rebecca Contreras** to champion young women from Austin's inner-city Title I high schools as they pursue post-secondary education. Since its launch in 2022, the program has given **over \$150,000** and supported 16 remarkable young women on their educational journeys. This May, a handful of our girls will graduate from college to pursue other master's programs!

**Girls of Legacy** is more than a scholarship fund—it is a **life-changing mentorship and coaching ecosystem**. Each participant is paired with an Austin businesswoman who provides consistent mentoring & coaching, accountability, and guidance. For many of our girls who face socioeconomic barriers, **this support is pivotal—and often transformational**—as they navigate their university journeys and map out their careers.

## Make Double the Impact in 2026

Become a **Corporate Sponsor** of the **Girls of Legacy Annual Event** to be held **Wednesday, July 22 from 5:45 – 8:30 pm at the premier Centro Event Space in Round Rock**. Sponsors will help LaunchPad cover event costs while also contributing 80% of the money secured directly to Fall 2026/Spring 2027 scholarship funding.

**Every dollar raised at the actual event on July 22 will be matched 1:1 by Rebecca Contreras and AvantGarde LLC—doubling the impact for the 2026–2027 scholarship class.**

A silent auction will also be held on the night of the event to raise additional scholarship funds.
