Girls of Legacy 2025 Sponsors

Scholarship and Mentorship Program

Girls of Legacy is an initiative under the non-profit organization LaunchPad. Founding owner Rebecca Contreras first launched Girls of Legacy in 2022 to support graduating seniors from inner-city, Title I schools in Austin, Texas, in their pursuit of post-high school education. Since its launch, the program has raised \$100,000, supporting 16 girls in their educational journey.

Girls of Legacy is not only a scholarship initiative but also a mentoring and coaching program. Each Girl of Legacy is paired with a local ATX businesswoman who provides regular mentoring and accountability. These mentors serve as a vital "go-to" resource while the girls are in school. With many of the girls facing socioeconomic challenges and coming from inner-city communities, this support is crucial to their success in the next phase of their journey. LaunchPad has no paid staff, allowing us to keep administrative and overhead costs minimal.

Silent Auction Donations

Please consider supporting Girls of Legacy Fundraiser by donating items to be silently auctioned at our July 2025 Fundraiser. All items donated are tax exempt. Your business logo will be displayed on our event website to recognize your contribution. A donation receipt equaling the retail value of the donated item will be provided for tax exception purposes upon request.

To donate a silent auction item, email:
lostgirl@rebeccacontreras.com
